Mass Transit Directions

The quickest and fastest way to reach the OSIsoft office is by using SEPTA, the regional transit authority and train system. The Regional Rail system easily connects you to Center City, one block away from our office and avoids Philadelphia's problematic traffic congestion.

The SEPTA train platforms are between the security checkpoints and Passenger Pickup/Baggage Claim in airport terminals A-West, A-East, B, C, D and E. As you leave the gate areas and head out to baggage claim you will pass stairs and escalators to the train platforms. After you retrieve your luggage, return here to catch the train to Philadelphia. You will get off the train at **SUBURBAN STATION**.

From **SUBURBAN STATION**, come up to street level and walk one block **SOUTH** to Market Street and then walk **WEST** towards the intersection of 17th and Market. We are in the 1700 Market Building, next to the Liberty Place towers. We are on the 22nd floor.

Train tickets can be purchased on board for a one-way journey. It is far less expensive than a taxi (minimum charge \$23.00) or a rental car as hourly rates in Center City garages are very expensive.

Travel times on SEPTA vary between 15 and 25 minutes, depending on rail conditions. During the weekday, R1 trains are typically spaced 30 minutes apart.

Upon Leaving Philadelphia by train to the airport ...

Be sure to check the train schedule (<http://www.septa.org/service/sched/pdfs/R1Airport.pdf>) and give yourself at least 1 ½ hours before your estimated departure time to reach the airport and proceed through check-in and security. The airport can be very busy and congested and has long security lines.

We strongly recommend where possible that you print out online boarding passes and use electronic check-in upon your departure to speed things along. You don't want to miss your flight!

Driving Directions

From the Philadelphia International Airport

When you leave the airport, follow the signs for I-95 North / I-76 West. Follow the signs for "Central Philadelphia/I- West". Drive across the George Platt Bridge to I-76 West. Follow I-76 West to exit 39 (30th Street Station). Go one block to Market Street, turn right. Travel east on Market Street to 18th Street. There is a parking garage in our building just past the intersection of 18th Street on your right.

From New Jersey / New York

Follow the New Jersey Turnpike to EXIT 4. Take Route 73 North to Route 38. Take Route 38 West to US 30. Take US 30 West over the Ben Franklin Bridge which becomes I-676. After you drive across the bridge, stay in the lane that says "8th Street / Chinatown" which will be in the far left lane. Stay on the access road next to I-676 and follow it to 12th Street. Turn LEFT on 12th Street. Drive south a few blocks to WALNUT STREET. Turn RIGHT on Walnut Street. Follow Walnut Street past Broad, to 18th Street. Turn RIGHT on 18th Street. Head NORTH 2 blocks to MARKET STREET. Turn RIGHT on MARKET Street. The parking garage entrance is immediately to your right after you turn onto MARKET.

From the West, Northwest and points North in Pennsylvania

Take I-76 (PA Turnpike) East to exit 24 (Schuylkill Expressway). Follow the Schuylkill (I-76) east to Central Philadelphia, I-676 exit. Take I-676 to 15th Street, turn right. Take 15th Street south to JFK Boulevard. Turn right on JFK Boulevard and go two blocks to 17th Street. Turn left on 17th Street and go one block to Market Street.

Parking

For help locating garages and finding their rates and fees, visit the web site at:

http://www.philapark.org/parkinglocator/parking_locator.aspx .

Street parking is **not** recommended as parking is very tight on the streets and the Philadelphia Parking Authority is very stringent about enforcing expired meters and curb distances.
